II. Committee Assignments

A. Legislative Review Committee

1. Brief Summary:

a) For our final LRC meeting we had 10 pieces of legislation and President Pro Tempore Cabalo called for a quorum of extending the meeting time by 30 minutes in order to make sure we can go over all legislation. Eight passed and two were tabled, mainly due to the time being met and members had other responsibilities to adhere too. As vice chair, I took note of the voting count and moved it into the senate floor folder for EVP Hernandez to put into our senate meeting agenda. This week had great discussion and general questions answered as many primary authors were able to attend.

B. Diversity Council

1. Brief Summary:

a) We had our final meeting with several Costo Hall directors, and were able to gain information regarding the sources of funding for Costo Hall through LGBTQ Director Tubbs. As vice chair I took notes on the presentation and other significant information in order for members to come back to it when necessary. During Diversity Council working hours, we heard positive news that the Chancellor funds went through for Costo Hall and wouldn't need to take further action. We talked about the Equity Opportunities Referendum committee action items and the future event we are planning in Winter, in collaboration with The R'Pantry.

C. Lobby Corps

a) Our final meeting was cancelled, in order to attend the forums VPEA Rasso and external directors were having for Lobby Corps. It was a week of action talking about important policies and needs for college students across the state. We have been active through the Groupme in following up with events and helpful sources for one another.

III. Administrative Work

A. EVP 1 on 1

1. Brief Summary:

a) EVP Hernandez had asked me about having a possible training for Senators during Winter break about the Slack channel with VPEA Rasso. I spoke with VPEA Rasso on this and he was in agreeance, so we may be presenting that. I followed up with the work I have been doing about international students efforts and any concerns about the position. I will be passing legislation this upcoming quarter and hopefully hear back from my respective ethnic and gender programs in order to collaborate on events. Overall, we had a great discussion and I felt positive about my role as a senator and the work I've done.

B. HUB Governing Board

1. Brief Summary:

	<p>a) Our HUB board president allowed me space to talk about a physical space for student-parents within the HUB when in-person instruction returns, as I believe it is extremely important to further our success in higher education. The HUB director, Brendan O'Brien, then followed up with me to set up an individual meeting with other student-parents in order to talk about this more in depth. I have reached out to the R'Kids board in order to set this up for Winter quarter.</p> <p>C. Ad-Hoc Committee for Student Parent Funding</p> <p>1. Brief Summary:</p> <p>a) President Pro Tempore Cabalo, Diversity Council Co-Chair Marquez, Transfer/Nontraditional Director Hall, and I attended this meeting in regards to the emergency funding allocation by President Huerta. We came up with ideas on where the money can go towards and a list of action items that include research, meetings with other student-parents, legislation, etc to further this process and help student-parents in need.</p> <p>IV. Events</p> <p>A. N/A</p> <p>1. Brief Summary:</p> <p>V. Other</p> <p>A. Senate Intern</p> <p>1. I am working on an agenda for winter quarter, as we set up biweekly meetings one on one, and I want to be better prepared for them. Our last meeting we went over possible legislation ideas and would like to get a collaborative piece in by Winter quarter.</p> <p>B. Ethnic/Gender Programs</p> <p>1. Brief Summary:</p> <p>a) I've sent an email to Chicano Student Program Directors in hopes of setting up a meeting for the beginning of winter quarter. We haven't heard back from Undocumented student Programs yet either, so we will be reaching out via social media platforms.</p> <p>C. Weekly Reports</p> <p>1. CHASS Senator Marchan Reports</p>

With 10 pieces of legislation to review, it was unfortunate that we could only get through nine out of the ten. Nelson Salvador-Aguiar	Hello everyone, I hope you are all having a wonderful week 10! It is crazy to think

<p>nagui028@ucr.edu</p>	<p>how fast this quarter has come to an end. This past week, I continued to attend the Finance Committee meetings on Monday and Wednesday. This Monday, we had an outreach grant meeting where a handful of organizations came in to request funds for their upcoming events. Last week Diversity Council hosted the last meeting of the quarter where we discussed diversity issues within campus and planned upcoming outreach events for next quarter. This Friday, I will be meeting with Senator Morales and Senator Liu where we will go over possible legislation involving a SOBA ASUCR representative. I will also be meeting with my recently assigned intern this week on Friday to be able to discuss upcoming goals and objectives for the Winter and Spring quarter. I hope you all have a wonderful evening and good luck on your finals!</p> <p>Highlanders, I was finally able to meet with Senator Morales and discuss the SOBA legislation we had mentioned. After our discussion, we are planning on meeting with the SOBA Dean to discuss potential options with a Senator representative for this department. Given that the school of SOBA is a school department that there is currently no Senator representative for, we believe this limits the overall representation of all UCR students. Although there are a handful of prerequisites to be able to get into this college, we believe that we will be able to work out potential ideas with the Dean to include a representative in this department. Going into the new 2021 year, I want to praise all the Highlanders for their great adjustment to this unfortunate Covid-19 pandemic that had us transition to a fully remote learning environment. From here on, the circumstance looks quite promising for the overall community and hopefully it will have us back in person by fall quarter. I wish nothing but the best for all the students and if there are any questions for me, please feel free to contact me at nagui028@ucr.edu!</p>

Brief Summary:</p> <p>a) In week 10, Senators Morales, Aguiar, and I met to discuss some changes and ideas that we would like to bring to UCR. The first topic that we discussed was the implementation of a School of Business Senator to UCR. The thought process for this was that the School of Business is one of the largest colleges in UCR by student population size, but yet, it still does not have proper representation in ASUCR. Especially with the SPP and GSOE senator being newly added to ASUCR, we feel that it is only right for a School of Business senator to represent in ASUCR.
